

The Fart Machine Wins Spencer Gifts Item of the Year Award

Dear John,

The unfortunate events of September 11th will forever be emblazoned in our minds. The difficulties of travel and the heartfelt concerns of our employees and vendor partners forced us to cancel our National Sales Meeting. But in many ways our show does go on. Video's, District Sales Meetings, and other tools coupled with great, exciting new products are currently being used to train our sales personnel for our most important holiday season.

At our meetings we proudly announce our Vendor/License Awards. Each company is carefully selected based on the partnership they share with Spencer Gifts, Inc.

It is with heartfelt thanks and congratulations that Spencer Gifts announces to you and your company:

Spencer Gifts' Item of the Year Award is the Remote Controlled Fart Machine, the world needs to laugh now, more than ever.

From T.J. Wisemen, Limited

Again, thank you for your efforts. We wish you a Happy and successful Holiday Season.

Sincere Congratulations,

Jeri J. Hurvitz

Vice President and Merchandise Manager
